

Shady Brook Campground & Boat Rental, LLC
Covid – 19 Required Guidelines
Revised April 28, 2020
State Approved Opening date of May 1, 2020

All Campers = Transit, Overnigheters, Weekenders, Cabins and Seasonal are required to sign below that you have read, understand and agree to abide by these guidelines:

Shady Brook Campground & Boat Rental, LLC will be open for business starting MAY 1, 2020 and welcoming you back. As always, we have the safety and well-being of our visitors and staff in mind. We continue to monitor the situation with COVID-19 and will keep you updated as needed when new information becomes available.

While we are excited to have you return to the park, we do ask that if you are sick and/or experiencing symptoms consistent with the COVID-19 infection that you please refrain from coming to Shady Brook Campground & Boat Rental, LLC.

We are taking the recommended precautions from ARVC, Centers for Disease Control and Pa. Dept. Of Health and all public spaces will be closed. This includes all bathrooms, showers, office, store, playground, play field, pond area, and pavilion are to remain closed and will not be open for any reason. It will be important for you to make all of your family and children aware of these policies.

You will be allowed to come to your sites and enjoy your time with your family in a great outdoor environment. Should, however, there be violations of these policies, they will result in termination of your ability to be at the park until the threat of COVID-19 has passed and life resumes as we knew it. If we have rampant misuse across the park, we will only be forced to move the opening date, and that would ruin it for everyone.

We don't want to have to police things, we just want to allow everyone the opportunity to get away from the craziness, enjoy nature in an open environment, and continue to be socially-conscience and abiding citizens who are all doing our part to minimize the impact of this virus

Campers should know that many normal daily operations not considered life-sustaining will not resume at this time. However, we are permitted to open during phase one, utilizing limited staffing and limited consumer interaction. Our campground owners, staff and volunteers will do due diligence to limit and stop congregation of guests. Upon opening, campgrounds must have policies in place to mitigate the spread of COVID-19. This list is our campground plan and will need to be fluid and will change as the region our campground is in changes during each stage of the re-opening process.
